

# **DIRT TO WORK**

**Ten feet or ten miles, whatever it takes.**

**On May 13th — bike to work day — Take some time to appreciate the natural world around you. Whether it's the path through the park or some ripping single-track, make sure to seek out some dirt on your way to work.**

**When you do, post a photo on our facebook page [facebook.com/wildernesstrailbikes](https://www.facebook.com/wildernesstrailbikes)**

**There are no prizes or grand finallies. Just the glory of sharing your local dirt with the rest of the world.**
